B. Public Comments

We recieved numerous comments in regards to our staff rate being too low and questioning why we left a question blank when the person writing the comment was on the other side of our actual public discussions. Most of the comments though, were comments of general support for what Rescue 3 does. Our commitment to the OHV using public are well documented and very well known in the communites we aid. The comments from the public show the public has an interest in Rescue 3 being able to maintain the quality of care we are known for and in solid support of Rescue 3 being awarded this grant.

NOTE ** THE FOLLOWING COMMENTS HAE BEEN EDITED FOR SPACE**

Preliminary Application Comments

In question 6 about public input you left it blank. I have seen you guys at District 37 meetings talking about the grants and have talked to you myself about them out in the desert, along with other riders. District meetings are public and I count myself as a stakeholder. You are leaving points you deserve on the table and should fix that so the public has the facts .San Bernardino County Sheriff's Department used a volunteer rate of \$24.79 Since the Sheriffs people do essentially the same thing you do, why aren't you at least using a similar rate? [Tommy Russell - 4/5/09]

I have read the State Parks OHV grant application for the Rescue 3 Inc. Education & Safety. This is one of the most worthwhile grant requests I have read. These people do an essential job of helping injured off-roaders in the desert. Looking at the amount of match to their grant shows that they dedicate a tremendous amount of effort to their task. I encourage that this grant be funded to the fullest extent possible so that Rescue 3 can continue its work. [Ed Stovin, CORVA - 4/5/09]

1. The dollar amount used for your emergency medical responders is very low. 2. In Evaluation Criterea Q6, #6 you did not make an entry. You discussed your project several times at meetings of organized OHV clubs, unaffiliated riders, and at other events. It would seem to me that you meet the description of all three elements.

Rescue 3 is a highly skilled off road rescue service. You do not provide rescue service solely for participants of the races you attend. I have seen countless times that you have provided rescue for persons not related to the events. You provide a valuable safety net for people recreating in OHV areas that do not even know you exist. I do not speak only for myself when I say, I would not participate in OHV competition if Rescue 3 was not there.

I wholeheartedly support your grant request and all of The American Motorcyclist Association, District 37 members support your request. [Karl Smith, District Legislative Officer, American Motorcyclist Association, District 37 - 4/3/09]

As a recreational off roader I can attest to the high level of commitment the Rescue 3 team has. [Curtis Newman - 3/24/09]

I know these funds couldn't go to a better organization. [Darrell Caddy - 3/14/09]

I know of no other volunteer Medical/Rescue organization with such a lengthy record spanning decades of service and has such a well recognized reputation of professionalism and dedication. as a Fire Captain serving in Southern California. I have spoken to many leaders of nearby organizations both public and private who also share the opinion that R3 is vitally important to the community in providing immediate victim location & 1st Responder medical assistance.

I can't think of a more deserving organization for my OHV contributions. [Steve Sillings - 3/14/09]

We need Rescue 3 and their resources at every event District 37 does, [Nancy Mangels - 3/12/09]

Please help them continue their good work. Thank you. [George Green - 3/9/09]

I fully agree with this grant to make the off road community a safer place for my family and others to enjoy. [Scott Mitchell - 3/6/09]

I implore you to approve the grant to provide this outstanding organization additional funding. [Rod McInnis - 3/5/09]

Please keep their wings on them they are heaven sent. [Tom Materna - 3/4/09]

Without a doubt, we're talking about an impact of saving lifes. [Gerald Fogel - 3/4/09]

C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? (Please select ☒ Yes ☐ No Yes or No)

- b. Describe how public comments affected the Application

We recieved some public comments pointing out that our staff rate was much lower than the other search and rescue groups applying. Based on these comments we have adjusted our rate to match the SBDSO rate of 24.79.

We also recieved public comments pointing out that we had in fact had more public review than we originally filed. We have adjusted section 6 to reflect a more accurate answer.

1. Applicant Certifications

A. General Conditions

- A. The Applicant hereby certifies, under the penalty of perjury, compliance with the following terms and conditions: ☒
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
 2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
 3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
 4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
 5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
 6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

B. Programmatic Conditions

B. The Applicant must describe the following programmatic conditions:

1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:

This section is not applicable to Rescue 3. Being a volunteer search and rescue group we are not in a position to reduce illegal OHV recreation.
2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

This section is not applicable to Rescue 3. Being a volunteer search and rescue group we do not have any jurisdiction over any existing OHV Recreation Facility operations and maintenance.

C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). (Please select Yes or No)
